SANTACO National Office visits Limpopo on a strategic nationwide roadshow.

The national leadership of SANTACO as led by President Motlhabane Abnar Tsebe is visiting the Limpopo province as part of the council's nationwide roadshows. The national delegation is accompanied by SANTACO's strategic business partners SA Taxi finance and Transport Education Training Authority (TETA). During this engagement, the leadership of SANTACO seeks to workshop the Provincial Executive Committee (IPEC) about the proposed policy amendments which are being undertaken ahead of SANTACO's national policy conference which will be hosted in Limpopo in May of 2024.

SA Taxi finance, which is one of the leading financiers of the taxi industry, will update members about their funding model and how it is being refined in keeping with the economic climate of the taxi industry. TETA will update the industry about training opportunities available at our peril in the upcoming financial year. The workshop is taking place today on 12 March 2024 at Bolivia Lodge, Polokwane, Limpopo province.
